Uses

Removal of hard corns. No more than 3 corns to be treated at any one time.

Format and Ingredients

Adhesive dressing with felt ring containing paste of:
Salicylic Acid 40% w/w,

Dosage

Adults over 15 years: a medicated dressing is placed over the corn and left in place. Change the corn cap every 2 days until the corn is easily removed. A maximum of 5 corn caps should be used per corn. Not to be used by: diabetics, pregnant women, anyone allergic to peanut or soya, people with severe circulatory disorders or those under 15 years of age except on medical advice. Contains peanut oil.
