Analgesics, Infants and Babies

**Manufacturer**  
JOHNSON & JOHNSON (McNEIL)

**Pack size**  
10g

**RRP**  
£3.24

**Legal Status**  
(P)

## Uses

To relieve teething pain and soothe infants' gums where non-pharmacological treatments have failed to provide sufficient relief. The gel also has mild antiseptic properties.

## Format and Ingredients

Sugar-free teething gel containing:

Lidocaine Hydrochloride 0.33% w/w, Cetylpyridinium Chloride 0.1% w/w,

## Dosage

Babies from the age of five months: rub a pea-sized blob of gel to a clean finger tip and spread gently onto the sore area of gum. The dose may be repeated if necessary after 3 hours, up to a maximum of 6 doses in 24 hours. For short term use only, no more than 7 days.
